As a sponsor, your organization would be listed on our website in support of the following tenets:

1. All treatments for individuals with autism should be guided by the best available scientific information.
2. Service providers have a responsibility to rely on treatments that have been shown to be safe and effective in scientifically rigorous, peer-reviewed research studies.
3. Service providers should take steps necessary to help consumers differentiate between scientifically-validated treatments and treatments that lack validation.
4. Consumers should be informed that any treatment lacking scientific support should be pursued with great caution.

Thank you for supporting ASAT's mission and initiatives. Upon receipt of this form, you will receive a letter of acknowledgment and a request for a jpeg of your logo for our website.

**Disclaimer-** ASAT has no formal relationship with its sponsors. Furthermore, your stated endorsement of the above tenets is not verified or monitored by ASAT. Although ASAT expects that all sponsoring organizations will act in accordance with the above statements, ASAT does not assume responsibility for ensuring that sponsoring organizations engage in behavior that is consistently congruent with the statements above.
