

ASAT Real Science, Real Hope

ASSOCIATION FOR SCIENCE IN AUTISM TREATMENT

Volunteer Opportunities with the Association for Science in Autism Treatment

ASAT is recruiting volunteers to participate on various committees and task forces to help provide accurate, science-based information and to promote access to effective treatment. Your time is a valuable donation. Please consider the following volunteer opportunities:

- ◆ Helping to promote our **website**, www.asatonline.org
- ◆ Reviewing **website** content and checking website navigation
- ◆ Helping to compile and update **links and resources** for visitors to our website
- ◆ Helping to promote our **newsletter**, *Science in Autism Treatment*
- ◆ Writing **journal article synopses and other items** related to autism treatment
- ◆ Responding to **frequently asked questions** as part of Clinical Corner
- ◆ Monitoring and/or responding to misinformation from the media and promoting accurate information through our **Media Watch initiative**
- ◆ Conducting online research for our **Pediatrician and Physician Awareness initiative**
- ◆ Participating and assisting with **fundraising activities**

You will also gain experience serving the autism community within a prestigious and internationally known organization, fully committed to providing information about science-based autism treatment. If interested, please fill out the ASAT Volunteer application and return it to:

**Association for Science in Autism Treatment
P.O. Box 188
Crosswicks, NJ 08515**

Or email the information to us at info@asatonline.org (put “Volunteering”: in subject line)

Providing Accurate, Science-Based Information • Promoting Access to Effective Treatment
